Declaration Of Health

I, the below detailed examining veterinarian, hereby declare that:

1. The tissue samples are from feline of Felis catus species.
2. The material does not contain any other animal derived material (i.e., does not contain any livestock or poultry origin material, or material from any other animal or being).
3. The material was not derived from feline or canine species which were inoculated with or exposed to any infectious or contagious agents of USDA agricultural concern.
4. The material was not derived from feline or canine species which were inoculated with or exposed to any infectious or contagious agents of UK APHA agricultural concern.
5. The animal was certified to be free of infectious and/ or contagious disease and the cause of death was not an infectious or contagious agent.

Signed (Examining Veterinarian).....
